

Download Maptaskr from Microsoft AppSource

30% reduction of miles/km per week by optimising routes reduce cost and time

Get an extra visit per day per field staff

Get over a day extra per week due boost of productivity

A **field worker** spends on average **37-40%** of their working week on non-revenue generating or non-service related tasks.

With **Maptaskr** you can reduce that to **15%** and get an **extra 1.5 days** of productivity.

Download Maptaskr from **Microsoft AppSource**. Easily installed and configured to your existing **Dynamics** environment, so your field staff quickly and seamlessly is able to remove non-productive/selling activities and it gives them a solution, which

is easy to use. Whether you are focused on **field sales** or **field engineers** tasks, **Maptaskr** is here to help and your customers will feel the love and support, and your remote staff will be the heroes.
